

SRINIVASAN GOVINDHAN

Associate QA Lead

PROFESSIONAL SUMMARY

Seeking opportunity to pursue challenging career within organization that values continuous learning. Committed to proving myself as valuable team member, strive to perform duties with utmost proficiency and take on multiple projects to achieve success.

SKILLS

Regression testing	Test case design
Mobile testing	Test automation
Defect tracking	Selenium webdriver
Git version control	Test automation frameworks
Java programming	JIRA
Manual testing	Agile methodologies

WORK SUMMARY

- ASSOCIATE QA LEAD** 12/2018 to Current
Novac Technology Solutions Pvt Ltd, Chennai
 - Standardized bug reporting methods for better communication between QA and development teams.
 - Mentored junior team members, fostering growth and enhancing team performance.
 - Managed multiple projects simultaneously, ensuring timely delivery of high-quality products.
 - Streamlined QA processes for improved efficiency, reducing project completion time.
 - Increased team productivity by continuously reviewing existing workflows and recommending enhancements.
 - Conducted root cause analysis on recurring defects, implementing preventative measures to reduce future occurrences.
 - Implemented automation tools, increasing testing accuracy and reducing manual effort.
 - Built automated test scripts to handle repetitive software testing work.
- SENIOR TEST ENGINEER** 04/2022 to 04/2024
Novac Technology Solutions Pvt Ltd, Chennai, India
 - Conducted root cause analysis on defects discovered during testing, enabling quick resolution and minimizing risk of future occurrences.
 - Reproduced defects and documented findings.
 - Streamlined testing processes for increased efficiency in identifying and resolving defects.
 - Mentored junior test engineers, enhancing their skillsets and overall team performance.
- TEST ENGINEER** 01/2020 to 04/2022
Novac Technology Solutions Pvt Ltd, Chennai, India
 - Maintained up-to-date documentation of all test plans, procedures, results, and defect

- tracking databases for future reference or audits.
- Created comprehensive test plans, test scripts, and use cases to support testing objectives.
- Reviewed, evaluated, and identified requirements for testability.
- Collaborated with development teams to identify, reproduce, and resolve software issues promptly.

ASSOCIATE TEST ENGINEER 12/2018 to 01/2020

Novac Technology Solutions Pvt Ltd, Chennai, India

- Troubleshoot issues discovered during testing, working closely with developers to resolve them quickly and effectively.
- Enhanced product quality with thorough manual testing and identifying software defects.
- Reduced testing time by designing and executing efficient test plans and strategies.
- Stayed current on industry trends and emerging technologies to enhance overall testing strategy effectiveness.
- Reviewed, evaluated, and identified requirements for testability.

EDUCATION

SVM Sri Vidya Mandir Arts&Science College (Periyar University), Chennai, Tamil Nadu
BCA, Computer Application, 06/2014 to 06/2025
GPA: 8.3(CGPA)

Govt Boys Higher Secondary School, Singarapettai
HSC, 07/2012 to 04/2025
GPA: 65%

Govt Boys Higher Secondary School, Singarapettai
SSLC, 07/2010 to 04/2012
GPA: 65%

PROJECTS

SHFL-Shriram Housing Finance Limited:

Developed and implemented a **Loan Origination System (LOS)** and **Girhapoorti** mobile application module for a Shriram housing loan application platform, designed to streamline the loan application, approval, and disbursement process. The module integrates various functionalities, from client data capture to risk assessment, automated underwriting, and compliance checks, ensuring faster processing and improved accuracy for both customers and financial institutions.

Key Responsibilities:

- **Requirement Analysis & Design:** Collaborated with stakeholders to gather functional and technical requirements for the housing loan origination system, focusing on automation and enhanced user experience.
- **System Development:** Developed the LOS module, enabling the creation and processing of loan applications, document management, eligibility checks, credit scoring, and risk assessment.
- **Integration:** Integrated third-party services such as credit bureaus, eKYC, and payment gateways for seamless loan disbursement and customer identity verification.
- **Automation & Workflow:** Implemented rule-based workflows to automate loan approval processes and notifications, reducing manual intervention and improving efficiency.
- **Testing & Validation:** Conducted unit testing, integration testing, and UAT to ensure the module met business and technical requirements, delivering a smooth user experience.

and regulatory compliance.

- **Performance Optimization:** Optimized the system for scalability, speed, and reliability, supporting multiple concurrent loan applications and large-scale data processing.

Technologies Used:

Java Script, Flutter, Microservices Architecture, MySQL, REST APIs, AWS (Cloud Infrastructure), Angular (Front-end)

Outcome:

Successfully delivered the housing loan LOS module, reducing loan processing time by 30%, increasing automation by 50%, and providing customers with a more efficient and transparent loan application process.

**PERSONAL
INFORMATION**

- Date of Birth: 07/18/97
- Father's Name: Govindhan.M
- Gender: Male
- Nationality: Indian

**ROLES AND
RESPONSIBILITIES**

- Attending project review meetings
- Good knowledge in Agile Methodology
- Attending Scrum daily and Clarifying issues
- Performing testing on the application based on the requirements
- Verifying FRS and executing the test cases for automating the testing procedure
- Preparing the datasheets with Selenium webdriver for Data driven Testing
- Preparation of automation tests using selenium with TestNG
- Daily basis written scripts pushed in to GitHub
